

Count Down With Me

Won't you please count down with me?
Easy as your ABC
5-4-3-2-1 is all you need,
Try it and see
Count down with me.

Counting up is also fun
Just remember, start with one
1-2-3-4-5 and now we're done
Try it and see
Count down with me.

Counting sheep and counting crows
Use your fingers and your toes
Go to twenty-one, just add your nose!
Try it and see
Count down with me.

(PIANO SOLO)

Outchorus:

Now you heard our count down song
Next time you can sing along
Once you hear the notes, you can't go wrong
Try it and see
Count down with me.

Count down with me, come on, it's easy
Five four three two one, Count Down!
