

Austin Jazz Workshop presents *Takin' Off! With Herbie Hancock*

The AJW presents our 28th season in public schools, dedicated to pianist and composer Herbie Hancock, who scored big hits with *Cantaloupe Island*, *Watermelon Man*, *Chameleon*, and many others.

The assemblies are designed for grades three and higher, and are 45 minutes in length. They will be presented on the Thursdays and Fridays indicated below at 9:15 a.m. and 1:30 p.m. Assemblies and workshops are presented at **NO CHARGE** to the individual schools in Austin ISD.

Please pick your top three choices for dates and **indicate your preference for morning or afternoon** in the spaces below. Remember that an Austin Jazz Workshop clinician will contact you to schedule classroom workshops to precede your performance, preferably occurring within the same week.

This year, the group will set up on the floor if possible. We will also use your projector and a laptop for song lyrics. Please provide three chairs, projector and laptop, and electric keyboard. If no keyboard is available, we will bring our own. We arrive 45 minutes early to set up.

PLEASE SCHEDULE BY FRIDAY SEPTEMBER 3RD!
